January Meeting – Monday the 11th

Where did 2004 go? That was a question put to me on the 31st of December to which I responded – and 2000, 2001, 2002 and 2003. The years are just flying by but Roger keeps coming up trumps with his programme and this coming year starts off with Gino giving the next part of his talk on Pond Creation and Maintenance so that in the cold dreary months of January and February you can plan your pond revamp in time for this years competition (26th of June – entries to Don as soon as you like).

2004 ended well with a surprise travelogue of Mike’s adventure in Madagascar, not many aquatic references but I am sure that even Barry enjoyed it. The book sale raised £93.50 and almost a third of that has already been spent on the purchase of one new book.
