## April Meeting – Monday the 11<sup>th</sup> April

Last month **Peter Anderson** from the FBAS brought us up to speed with some of the new products available in the Aquarium trade, from mini heaters to guaranteed algae cures. I particularly liked the internal air pumps and the floating magnetic algae scrapers (which are available in the club shop).

This month **Jim Humphries and Peter Riley** will be chatting to us about **Breeding Cichlids**. This ex Thames Double act has spoken to us a few times before of their experiences in breeding other types of fish and as our co chairman Ken and many others keep saying – breeding fish is the heart of our hobby - and pretty soon it will be essential if the hobby is to survive with anything other than the mass produced imports from the far east. Even those imports may be at risk in the future so we had better get used to raising our own stocks.

## Aquarium Competition – Sunday 17<sup>th</sup> April Pond Competition – Sunday 26<sup>th</sup> June

Judges have been arranged for the Aquarium Competition. Your very last chance to enter is this meeting! A few more entries would not go amiss in this or the Pond Competition.

## Forthcoming Outings

Coach trips to Beth Chatto, Glen Chantry and Mimmack Aquatics are being planned for the near future. No dates are yet set but there will be more news and dates will be set at the meeting on Monday.

## Hanover 2005 – A few final reminders

- A few final payments are still outstanding and Don will be chasing you soon
- Don't forget to get an E111 and Travel Insurance
- Pick ups are at Redbridge Station and Alfred's Way Romford
- If you have not yet got a copy of the itinerary – which has the dates and times - then please call Don or myself.

## For Sale

Les Mason (Email [removed](#) in web copy) has the following tanks to dispose of:

- Two at 43" x 21" x 19" these are on a purpose built stand and they are 62" high when on the stand.
- One at 22" x 16" x 20" on a cupboard stand that makes the whole thing 49" high
- One at 48 x 15" x 16" not on a stand

They all come with heaters filters etc. I think he just wants them to go to a good home but I would expect any member to make a reasonable offer.

### For Auction on Monday

- An HP printer but no driver discs (drivers can be obtained free from the internet)
- A flatbed scanner (again no discs)
- Possibly a VCR

### New Member

Our newest member Mr Michael (Mick) Butt was the only non-member to take part in last year's pond competition – which is more than many members with ponds did.

**Welcome Mick – I hope you do well with your pond this year.**

I missed the last Committee meeting so I don't have any more news except this unusual request received by email. Any member who takes up the offer need not inform the committee...

### FANTASIES

Tiger Aspect is making a film about the psychology and science of sexual fantasies, presented by one of Britain's leading psychotherapists.

We have conducted the most comprehensive academic survey on sexual fantasies in the world. Drawing on the experiences of over 10,000 ordinary people across the UK the programme will explore:

- Where do our fantasies come from?
- Why do we have certain fantasies and not others?
- Should we ever share our fantasies?

**To help us tell the story of a phenomenon that everyone experiences almost every day of the week, we're looking for individuals from all walks of life to be interviewed on camera about the role that fantasies play in their lives.**

**Filming is due to start in March 2005**

**For more details:**

**T: 0207 434 6834**

**E: [fantasies@tigeraspect.co.uk](mailto:fantasies@tigeraspect.co.uk)**

See you on Monday

**Rab**

**Annual subscriptions are due at the next meeting**

Single £12.50

Family £16.00
